"RED FLAGS"

- Sells males for less money than females.
- Sells "show quality" while they never show themselves.
- Sells any puppy with full registration for more money, regardless of the quality or health of the pup.
- Breeding stock that has come from the Eastern European countries, like Hungary, Slovakia, Poland, Czech Republic, Russia, etc.
- Brokers pups from other breeders (Especially those outside the USA). No reputable breeder sells to a broker.
- Does not have verifiable health clearances on hips AND elbows of at least MOST of the dogs on the pups pedigree. If you are told "our vet said they are healthy" this is a BIG red flag.
- Breeder discourages you from visiting their facilities, or "suggests" you meet somewhere to get your pup.
- Requires money up front before any paperwork (such as pedigree info, contract info etc.) is provided. Requires deposits (usually non-refundable) before their bitch is bred or the litter is whelped.
- Sells without a contract.
- Puppies registered with other than AKC registry. (If you are getting a dog from Canada, then the CKC, Canadian Kennel Club is fine).
- Has a PayPal or credit card system set up for payment.
- Says "I just breed nice puppies for nice people." What this REALLY means is I am selling them to anyone who comes up with the cash."
- Breeds multiple breeds.
- Sells unregistered puppies or charges additional money for registering puppies.
- Advertises in the newspaper.
- Does not provide pedigree information or provide the family health history of the parents.
- Does not allow you to see the mother of the puppies.
