

What to Expect- The Process for obtaining a Klasique Goldens Puppy:

SOME IMPORTANT THINGS TO KNOW:

1. I do not sell my puppies based on color.
2. I will make the final decision on which puppy you receive based on the dynamics of your household and puppies personality. I certainly want your input IF you have a favorite but understand that this breeding is done for ME. To go forward with my line. I will not choose my puppy until 8-9 weeks of age and not a day before so I have no idea until that time which puppy will be yours. Precedence for puppies is given in the following order: My Puppy, Show Home Puppies & Performance Puppies, Therapy Puppies (that prior therapy dogs are confirmed), and the homes that have no sex preference. Please make certain you read the article Pet vs. Show. The Show Homes are no more important than the companion homes , but specifics are required in determining which puppies will be show potential puppies IF I have show homes available they will be placed in show homes IF not they will go into companion homes.
3. Your companion puppy will be required to be spayed or neutered at no earlier than 18 months of age for males, 12 months of age for females , and no later than 2 years of age unless otherwise discussed and approved by me. Companion homes WILL NOT have any breeding rights.
4. This is NOT a CASH & CARRY purchase. You will be required to be approved by me and visit multiple times with your entire family multiple times prior to you taking home your puppy.

Responsible Hobby Breeders do not have puppies available at all times . Usually we breed 1-3 times per year. If you are looking for a puppy right now chances are that I will not have a puppy available unless you just got lucky in the timing.

Most often responsible breeders have a waiting list that involves prior puppy purchasers and those buyers who realize that buying a puppy is more about finding the right breeder. These purchasers have decided that they want a puppy from me so are willing to wait for my next breeding.

I will expect that you complete my Puppy Questionnaire. After receipt I will review the answers and contact you via phone to discuss any questions I might have and answer any questions you might have. Hopefully after reviewing in detail my web site you should have all your questions pretty much answered. The Puppy questionnaire is not confirmation that you will receive a puppy.

I cannot assure you that a puppy will be available for you until such time that they are actually born. I will not know the number or the sexes. After their birth I will let you know at this point that they have been born and if a puppy is available for you based on the sex preference , IF ANY , that you have chosen. I DO REQUEST that if you are on multiple breeders lists that you be upfront with this information to both myself and the other breeder. I totally understand if you are on my waiting list to

cover your bases with another breeder just in case I don't have a puppy available to you due to lack of puppies or gender born.

DEPOSITS:

I often do not take deposits until after both parties have reached the decision that this was "meant to be". Often I don't take deposits at all. This will be at my sole discretion. I have no difficulty selling my puppies and do not want a family to feel that they are captured by the purchase any more than I want to feel that I am captured by the sale. I will NEVER take deposits prior to puppies being born.

VISITING:

I allow weekly visits beginning at 4 weeks of age. These will be set hourly appointments on Fridays & Saturday between 11:00-4:00. I like to keep a sense of routine for my puppies, my dogs as well as for my husband. I will try and accommodate anyone as much as possible especially those coming from out of town (Seattle Metropolitan Area) but ask that you attempt to make arrangements for the times as stated.

WEEKLY READING:

Weekly reading assignments are covered in my library and are required beginning with week 3. Yep! I will ask you if you have read them and I do suggest that you print them out and keep in a binder for future reference.

IF YOU HAVE TAKEN THE TIME TO VIEW ALL MY INFORMATION AND VIDEOS YOU SHOULD HAVE A CLEAR UNDERSTANDING OF WHAT I EXPECT AND HOW I RAISE MY PUPPIES HERE AT KLASIQUE GOLDENS. THANK YOU FOR YOUR INTEREST!
